ELKHART TO PARADE
FOR THE MOVIE MAN

Affair Next Wednesday Promises to Be Interesting—Will Hold Picnic.

ELKHART, Ind., June 17.—The committee appointed by the public service board of the Century club to arrange for the parade next Wednesday, when films are to be taken for "movies" of the Lincoln highway, report encouraging progress.

It was announced that retail merchants have agreed to furnish the music for the occasion and to see that Main st., where the parade is to take place, is properly decorated, and also many of them will furnish floats to participate in the parade.

Wilson, Roosevelt, D. B. Barnes and Postmaster Littrell, who canvassed the manufacturing institutions north of the St. Joseph river, secured promises from all but one of them to take part. Lorne Griffin, another member of the committee, canvassed south side factories, securing promises from a number of them. Others are considering the matter.

The first of what is expected to become a series of annual picnics by employees of the Indiana & Michigan Electric Co. will be held at Chapin lake, Berrien Springs, June 24. The company will furnish transportation, by interurban, and the invitation includes the families of the employees. Seventy-five, it is expected, will go from here. South Bend will send as many more.

The entire office force and all the other employees but two, who will be required to keep the power plant going, will be expected to go. One of the main attractions will be a ball game between Elkhart and South Bend teams. Robinson and Blake will be in the points for the locals. Numerous other athletic stunts will be pulled off. The Elkhartians will leave here at 8 o'clock.

If some means is provided to pay for teamsters' hire Sheriff Thomas says he will permit prisoners in the county jail to do road work in rural districts. As an Indiana statute legalizes such an action it is probable that the county commissioners will be asked to make an appropriation to pay for the teams. At present there are 12 prisoners in the county jail.

The marriage of Ralph Anderson, son of Mr. and Mrs. Thomas Anderson, 167 Division st., this city, to Miss Vay Carr of Galesburg, Ill., took place at the home of the bride's parents in that city Wednesday afternoon. The young people will make their home with the bridegroom's parents following their return to this city. Mr. Anderson is the local representative of the Studebaker Automobile Co.

The suit of Minnie Thorwald of South Bend against the South Bend Home Telephone Co., in which a transfer of stock is at issue, is being heard in the superior court. The petit jury, which had been excused subject to call, was summoned to hear the evidence.

When the state board of pardons meets in Indianapolis next week it will consider applications for paroles by Lewis Fuller, who killed his wife in their home just northeast of Goshen a number of years ago, Walter Ryndalson, sent up last year for passing worthless checks in Elkhart county, and William McKay, who was sentenced last year for larceny committed in this county.

The school board has elected Frederick A. Reed to succeed W. H. Wainwright and Mrs. Elizabeth Beardsley to succeed her husband. The board's representatives on the public library board are E. G. Machan, Mrs. Lily Chamberlain, Rev. R. J. Wade, R. W. Moninger and Mrs. I. M. Clark.

LIQUOR STORE REMAINS

FORT WAYNE, Ind., June 17.—Until his present year's leasehold expires, August 3, Pennigroth will retain possession of his present quarters in the Rescue Mission building, in E. Columbia st., and the mission will be compelled to endure the trials of harboring a liquor store beneath its roof, notwithstanding its constant effort to dislodge its tenant. The court passed on the case yesterday. Pennigroth was in the building when it was bought by the Rescue Mission a few months ago, and all efforts to dislodge him have failed. The mission moved into another part of the building and is conducting its work next door to the liquor shop.

Van Vorce was offered a position in the Ford automobile factory at Detroit, but preferred the farm.

DIVIDED OVER REVIVAL

Flint Commerce Body Criticized by Clergymen for Interference.

FLINT, Mich., June 17.—The question as to whether the Flint board of commerce should either endorse a proposed revival in Flint, which the Flint Ministerial association has planned, caused the liveliest discussion in the history of the organization at the weekly luncheon Tuesday.

Some of the clergymen present opposed the board's taking any action because several denominations were opposed to the revival and that it was not a proper question for the board of commerce to consider.

Other clergymen and others appearing as a committee from the revival advocates insisted upon an expression from the board.

The discussion ended when a motion was adopted asking for the individual expression of opinions from the members.

DYNAMITES FIELD PESTS

Farmer at Petersburg Blows Up Ground Hog Colony.

PETERSBURG, Ind., June 17.—Charles Jones, a farmer living one mile west of this city, has been annoyed by ground hogs destroying and carrying off everything in sight. Finally, he became angry and drove to this city and invested in a gallon of powder and several sticks of dynamite. Jones then went into the field where the ground hogs had their holes and he started blowing them up. He put into this one hole he poured the powder and planted the stick of dynamite. He attached a fuse to the dynamite and when everything was ready he touched it off. Pieces of eight ground hogs were blown 20 feet in the air, and for the next few seconds after the explosion the ground hogs were running over each other getting out of the hole. At one time about 40 were racing around in a 10-acre tract. Most of the hogs were killed.

Marcellus Farmer Is Thrown from Wagon When Horses Run Away.

MARCELLUS, Mich., June 17.—Thrown from his wagon during a runaway here, Frank Harris, 65 years old, a former Vandalla hotel keeper, received injuries that resulted in death a few seconds after the accident. Harris struck on his head and shoulders in a gutter, breaking his neck.

The team, which was hitched to a gravel wagon, became frightened and the driver lost control of the horses. The excited animals dashed on after Harris was thrown from the wagon, finally being brought to a halt by straddling a tree.

Harris was survived by a wife and two children, a son residing in Kalamazoo, and a daughter in Chicago.

PLAN TO KEEP ALIVE
COLLEGE CONTROVERSY

Followers of Prof. Russell at Earlham Hope to Elect Trustees Who Will Favor Him.

RICHMOND, Ind., June 17.—The controversy between the Earlham college factions, representing Pres't Kelly on the one hand and Elbert Russell, who leaves the college to become a lecturer at Johns Hopkins university, has not subsided, even though the election of alumni members to the board of trustees has taken place. Yesterday it was asserted by the Russell supporters that the election was in reality a victory for Russell, for at least two of three members named are favorable to him.

It also was said that Warren Barrett of New York, one of the alumni members elected to the board of trustees, and who was declared to be a supporter of Pres't Kelly, was now regarded as being favorable to Russell. The fact also became known that the fight to depose Pres't Kelly is not to be dropped, but will be carried to the annual meetings of Indiana and Western yearly meetings, which control Earlham college.

Each of these bodies next fall will elect two trustees of Earlham, and the Russell followers hope to see a board chosen that will bring about a change of administration at the Quaker college. The friends of Pres't Kelly, on the other hand, believe that his tenure is secure, and they do not believe that either Western or Indiana yearly meetings will in any way seek to bring about a condition of affairs which, they say, would not make for the benefit of the college.

From an impartial point of view, without regard to the merits of the controversy of either side, it was apparent yesterday that there is still much feeling among the trustees as a result of the college trouble, and apparently there is no disposition to let the affair drop.

SONG BROUGHT ONLY \$3

Composer of "Tell Mother I'll Be There," Loses \$100,000 Royalties.

COLUMBUS, Ind., June 17.—While here to deliver an address before the Tabernacle society of Men, of the Tabernacle Christian church, the Rev. Charles M. Filmore, pastor of the Hillsdale Christian church of Indianapolis, told how he came to write his famous song, "Tell Mother I'll Be There." He said he was trying to organize a church in Peru, Ind., and was writing hymns, which he sold for an average of \$3 each.

One morning while he was waiting for his wife to get breakfast, he read a newspaper and noticed telling that the mother of Pres't McKinley was dying. He noticed that the president had telegraphed, "Tell mother I'll be there."

"Couldn't you write a song about that?" his wife asked. Before 10 minutes had passed, the minister says, he had written the chorus and before breakfast was ready he had the entire song completed. He sold it for \$3. Ten million copies of this song have been sold, and at the customary royalty of one cent a copy, the minister should have received \$100,000. But \$3 is all he ever got for it.

BANDIT IS CORNERED IN
SWAMP; ROBBED AUTOISTS

Posse Locates Man Who Took Driver's Money and Escaped in Machine.

LANSING, Mich., June 17.—Posses from Ingham and Clinton counties are closing in upon the bandit who held up Frank Horsley, Lansing taxi driver, on a lonely road near Park lake, near Lansing, Mich., and after robbing him of all the money he had, \$3.50, threw him out of his own machine and drove off.

Horsley, who is employed by the Blue Streak Taxi Co. of this city, was engaged by a stranger, wearing a blue hat and a blue suit, to drive him to Park lake during the afternoon. About a mile from Park lake the man suddenly shoved a pistol against Horsley's head and ordered him to turn over his spare change. Then he put Horsley out and drove away. Horsley managed to reach a telephone and communicate with the Ingham sheriff who set out in pursuit.

The bandit was reported cornered in a swamp near De Witt, about three miles beyond Park lake.

MULES CHASE MOTORCYCLE

Animals Become Excited When Machine Throws Dust.

HARTFORD CITY, Ind., June 17.—As a rule mules are not "speed merchants." They usually go about as slow as they are permitted to go. But Oliver Crockett, a farmer, living near here, has a team of mules that comes about as close as possible to being like "Maud," the mule celebrated in caricature.

When Crockett was driving the team home, accompanied by John Brose, another farmer, a motorcycle passed by with a derisive shout by the rider and a cloud of dust. The mules became angry right away and started after the motorcyclist, or at least it appeared that was what they were doing, for they ran down the road after the rider as fast as they could go. The chase continued for almost a mile with the rider putting on more power to get away from his pursuers and with Crockett holding the lines. Brose jumped from the wagon at the start of the chase.

Finally, a crossroads was reached and the motorcyclist branched off, Crockett succeeding in keeping the mules straight ahead. When they no longer saw a cloud of dust ahead of them the mules stopped meekly. Crockett went back and found Brose was painfully bruised.

Doughnuts

That will remain moist.

Every housewife who bakes her own bread knows that if a little potato is added to the sponge, the bread will not dry out as quickly. In this recipe potato is utilized to make doughnuts that will remain moist and fresh for several days.

K C will be found to have distinct advantages over any other Baking Powder for doughnuts. K C is a double acting baking powder with which a large batch of doughnuts may be mixed and fried a few at a time. The last will be as light and nice as the first.

K C Potato Doughnuts

By Mrs. Nevada Briggs, of Baking School fame.

3 1/2 cups flour; 2 eggs; 1 cup sugar; 1 level teaspoonful K C Baking Powder; 1 teaspoonful salt; 1 teaspoonful mace; 1 cup cold mashed potato; 2 cup milk, or more if needed.

Sift three times, the flour, salt, spice and baking powder. Beat eggs with rotary beater, then still using rotary beater, gradually add sugar, then work in the mashed potato with a spoon and alternately add milk and flour mixture. Make a soft dough, roll into a sheet, cut into rounds, pinch a hole in the center with the finger and fry in deep fat.

Fat for frying should not be hot enough to brown the doughnut until it has risen. When the doughnut is dropped into the fat it sinks to the bottom. As soon as it comes up it should be turned and turned a number of times while cooking. This recipe is excellent as they do not take the fat in frying and will stay moist for days.
